Seduction Under Promise or Markage.—Miss Caroline Buckhart possesses by no means the kind of a heart her name would indicate, but on the contrary that organ in Caroline is as susceptible and tender as ere thutered underneath silk or gingham gown. Yesterday Caroline danced a bee line for Justice Howell's office, in Bridgeport, and gaining an audience with that worthy functionary, who is ever willing to listen to and right the wrongs of injured innocence, she poured into his official ears the story of her wrongs, viz: About 3 months ago she became acquainted with Henry Lipppiman, in Martin's Ferry, at the house of a friend. Henry was then driving an ice wagon for Adam Eberle, of Bridgeport, and as Caroline lived with her father in Bridgeport, they often met and Henry was a frequent visitor at her lather's house, where acquaintance ripened into friendship and friendship into a beating of the heart. Caroline claimed that Henry had triffed with her aventeen-year-old affections, and after seducing her had abandoned her. Upon this bit of information Justice Howell' issurd the proper papers, and placed them in the hands of an officer, who soon brought Henry before what proved to be the object of his manuly affections, for Henry owned up like a man, and said he was not only willing but anxious to make Caroline his wife, but his financial condition would not warrant him in engaging in such an enterprise at present. He gave bail for his appearance this day week, when the matter will be settled in some way. DES. MORRIS, JARRETT & COBURN NO. B. MORRIS, D.D.S. A. M. JARRETT, D D.S. DR. M. R. COBURN. Poisoning Pastimes in Parston.— Dwight, the chemist, recently received for analysis a sample of whisky, which it was supposed had been fixed up with arrenic for the benefit of an old man named Rodenheimer, living at Brandon-ville, Preston county. The old gentle-man was in the habit of refreshing him-self from a jug of liquor which was kept in his house, and recently a quantity of arsenic was dropped into the jug, for the evident purpose of retiring the jug and Rodenheimer from active service. It is likely that the jug business will be in-vestigated by a Preston county grand jury. Poisoning Pastimes in Paeston

A REMARABLE RESULT.—It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given cor the only remedy which has given complete satisfaction in severe cases of Lung Discases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Bosche's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Régular size 75 cents. Sold by all Druggists in America. eodaw

changeder. The surface will be divided in 10ts to unit purchasers.

On the surface, the larger portion of which lies gently sloping to the sast, and all under direct exposure to the sun, is a Vineyard of 36 acres, mostly Catawba grapes, all in fine bearing condition, about even years old, which has proven itself able to pay a handsome per cent to the cultivator.

The property is being approached above and below by an advancing tide of persons seeking amall homesteeds, and is now really the only unoccupied territory between Bridgeport and Martire Ferry, it is valuable as an investment for capital seeking as afep purchase, and ralumble to those who want market gardening ground close to the city.
